Dear PSC,

This is my formal proposal to maintain the business operations of Uber within the state of SC. Please consider the benefits their services bring to consumers everywhere. I am not in agreement with reasons for SC trying to push this business out.

Sincerely,
Chelsea Moyers

Subject: Uber Regulations

Hi there,

I'm a frequent visitor to South Carolina. Uber, since it launched, has been my preferred method of getting around safely and conveniently. I understand you issued a cease and desist order. I ask that you consider reviewing the issue once more.

The back story is that I own a company, 4P Foods that has been looking for quite some time at expanding our business model into either Atlanta or Charleston. I was excited to see Uber be launched in your state because it is emblematic of a forward thinking, entrepreneurial friendly, shared- economy state. That's the kind of place I want to operate my business. If Uber is not allowed to operate, it sends a bigger message to folks like me that South Carolina is not open to considering how the shared economy of a more sustainable future is critical for growth.

I understand there is legal gray area, however, through communication, cooperation, and discussion, these gray areas can be more clearly defined and in the end, help forward thinking companies (like mine and Uber) to survive and thrive in your state.

In summary, I hope you will reconsider the recent decision and action.

Thank you.
